Ammer Seeking 50 Percent Phone Cut, Raps Service

Pickaway County Prosecutor William Ammer said today he is still waiting for a reply to his request that the Ohio Consolidated Telephone Company reduce its bills by 50 percent in view of service limitations due to the present strike against the utility.

In a letter sent nearly two weeks ago to R. N. Cole, vice-president of the company, Ammer protested that no reduction was made in the September bills, although a one-third cut was made in those sent out for the previous month. The prosecutor also criticized what he said was "increasingly poorer" service for phone subscribers in this area.

Ammer's latest letter to Cole said in part:

"On October 3, 1956, I wrote to you relative to the very poor and inadequate telephone service being rendered in Pickaway County during the strike and suggested that you give careful consideration to a reduction of the bill recently submitted to the subscribers for telephone service during the month of September in affecting a reduction thereon as no credit whatever was given on that bill for the poor service which was rendered during said period due to the strike. In the previous bill your company had

taken this matter into consideration and had reduced the charges for local service by one-third, but in your bill for September, no reduction whatever was given.

"IN THAT letter I indicated to you that the service had been getting increasingly poorer day by day. The people of Pickaway County are at a point where they can very well say they are even without any telephone service considering the extremely poor service being rendered during the strike.

"Many times I have found it necessary to wait from five to ten minutes in order to obtain an operator for a local call and many times that long to obtain a long distance operator. Other times I have found local calls interrupted by crossing of lines and also long distance calls being interrupted.

"Too often I have found myself

on a three-way telephone connection, this of course causing much confusion and dissatisfaction. Numerous times wrong numbers are given on local calls and due to many other inadequacies during the period of strike the telephone service in Pickaway County can for the most part be said to be non-existent at this time.

"Yet your company has had the audacity to submit bills to subscribers for the period during the month of September for full service and certainly this move on the part of the Ohio Consolidated Telephone Company cannot be tolerated by subscribers in this area.

"I note that subscribers in other areas have received a reduction of as much as 50 percent in their phone bills for the month of September. I note that in Greenfield alone a 50 percent reduction was given for the poor service rendered in that area and I have been told by residents in that area that the service had not been in any way as poor as that given in Pickaway County. . . .

"I believe that due to the very poor service rendered within the past month at least, there should be a reduction in the local rates of 50 percent. . . ."

Premier Nagy Asks Rebels To Halt Rioting

Moscow Negotiations Promised When Order In Budapest Restored

VIENNA (AP)—Hungarian Premier Imre Nagy promised today he will negotiate with Moscow to withdraw its occupation troops if Hungarian rebels will end their anti-Communist rioting.

Nagy appealed for the rebellious forces of students and workers to lay down their arms and help his new government. He promised that if they did so, the country would get a new deal.

"As soon as order is re-established those troops which were called by our government to help will be withdrawn," he said.

Apparently this meant that as the Russian troops, tanks and jet plane pilots would be recalled to their bases. Then Nagy would take up negotiations with Moscow to have the four or five Soviet divisions in Hungary removed.

Broadcasters in Budapest claimed Soviet and Hungarian troops were slowly crushing the anti-Soviet rebellion, but fighting went on.

THERE WERE no late figures on casualties, but travelers from Hungary Wednesday night said hundreds had been reported killed in Budapest alone.

The ruling Communist party in contradictory broadcasts appealed for the people to return to work, and warned them to stay off the streets because of continued shooting. It announced the ouster of its first secretary in an evident effort to appease rebels who since Tuesday night had been staging a bloody uprising in the heart of the Hungarian capital.

Ohio Dems Plan Own 'Fact-Finders'

COLUMBUS (AP)—Democratic State Chairman William L. Coleman today said a three-man squad of "fact-finders" will tour Ohio during the last two weeks of the campaign "in an effort to separate the wheat from the chaff of Republican campaign promises."

On the squad are three members of the Ohio House of Representatives, George Hook of Brown County, Jesse Yoder of Montgomery County and John Lynch of Mahoning County.

Coleman said the squad "will point out how the campaign speeches and promises of the Republican candidate for governor, C. William O'Neill, are widely divergent from his voting record as a state legislator, his actions as state attorney-general and from his own party's 1956 platform."

Fayette Fair Disputant Killed

WASHINGTON C. H. (AP)—The last of his family to continue a struggle for control of the Fayette County fairgrounds, Earl Scott, 56, was found shot to death here Wednesday.

His wife found the body on the back steps of their home, which adjoins the fairgrounds. Acting coroner Dr. James E. Rose said the shooting was accidental. A blast from the shotgun he apparently was carrying hit the right side of Scott's face.

Scott and his sister, Mrs. Esther Scott, who died last summer, had successfully defended their ownership of all the fairgrounds land against the Fayette County Agricultural Society, which tried to condemn the land.

7 Persons Die As Planes Collide, Fall

MIDLAND, Tex. (AP)—A flaming collision of an Air Force jet and a civilian plane exploded wreckage and bodies over a residential district Wednesday.

Seven bodies, including that of a baby girl, fell with the wreckage. The jet plummeted flaming into an empty home. The engine of the civilian plane crashed into the kitchen of another home.

"That small plane looked as if it were flying almost in the same direction as the jet," L. B. Martin, Dallas, Tex., truck driver said. "There was a loud explosion, ten pieces of both planes and bodies were falling everywhere."

Killed were Winfred R. Clement, 27, his wife Elizabeth, 25, and their 13-month-old daughter Cathy; all of Bowie, Tex.; Mrs. Clement's parents, Roy E. Howard, 63, and Ethel Howard, 57, Vashit, Tex.; Lt. Howell D. Hale, 25, whose parents, Mr. and Mrs. Ernest D. Hale, live near Decatur, Ill.; and Capt. Roy A. Roberts, 29, whose mother is Mrs. Malinda A. Roberts, living in Belleville, Ill.

Spanish Poet Awarded Nobel Literary Prize

STOCKHOLM, Sweden (AP)—Juan Ramon Jimenez, 74-year-old Spanish poet best known for his Odes to a Donkey, was awarded the 1956 Nobel prize for literature today.

The award was made by 18 literary experts of the Swedish Academy of Letters from a field of about 30 candidates proposed for the \$38,000 prize. The award, the richest in literature, was made possible under the will of the late Alfred Nobel, Swedish inventor.

Jimenez, who left his native Spain in 1936 during the disorders of the Spanish Civil War, has lived in nearly every country in the Western Hemisphere during the last 20 years.

He is now living in Puerto Rico, where he went in 1951 to become a visiting professor in the college of humanities at the University of Puerto Rico. He now edits the literary section of the university's campus newspaper, and acts as a counselor to students.

Ohio Printer's Postal Forgery Spree Is Ended

COLUMBUS, Ind. (AP)—A former printer from Columbus, Ohio, who tried to cash money orders in too many bars told officers here he made \$150,000 in seven months by altering postal money orders.

Prosecutor Charles R. Wells said Lawrence C. Wilson, 40, told him, "It's worth five years in prison to make \$150,000."

He was held for forgery, larceny and obtaining money under false pretenses after his arrest in a bar Tuesday night. Wells said Wilson used a rubber stamp to blot out the original amounts on small money orders, then wrote in larger amounts.

The prosecutor said a woman who gave her name as Mrs. Frances Lynn Wilson, 25, Van Wert, Ohio, was arrested in a parked car and held on the same charges as Wilson. She said she and Wilson were married a month ago, but Wilson denied he had ever seen her.

PHONE COMPANY ASKING COURT LIMIT ON PICKETS

TED SAR STEPHENSON isn't really trying to bite off his nose, he's "gurning" at the Egremont fair near Gosforth, England. Gurning—making funny faces—is a competition which dates back to the 12th century in those parts, and Stephenson, 50-year-old coal miner, is rated the world champ.

Stevenson 'Good And Mad,' Heads West For Final Drive

NEW YORK (AP)—Adlai E. Stevenson, who says he is "good and mad," headed West today in a final stretch effort to beat President Eisenhower in the presidential race.

Stevenson told audiences in suburban Nassau and Westchester counties Wednesday night that he is "not at all sure" he and his running mate, Sen. Estes Kefauver of Tennessee have been able to put over the Democratic message to the people.

"I have tried — and Sen. Estes Kefauver has tried — to present the great national issues," the Democratic presidential nominee said. "But the plain fact is that the Republicans are wounding up a campaign of deceit unmatched in U. S. politics. And I don't mind telling you I am good and mad. Plenty of Americans are."

The crowd cheered. Although he didn't put it directly into words, Stevenson obviously felt he was being frustrated in some respects in his efforts to interest the voters in his contention that the Republicans have come up with no ideas in four years and are trying to ride to victory on a "phony peace issue."

He told a howling crowd in the Democratic Bronx that "nothing

Krupp's Wife Asks \$5 Million In Cash

LAS VEGAS, Nev. (AP)—The wife of Alfred Krupp, former munitions maker and now a leading German industrialist, is asking for \$5 million in cash as a divorce settlement. She says he has \$250 million in banks around the world.

Mrs. Krupp, 42, filed suit Wednesday in district court, charging her 48-year-old husband "wilfully and without cause withdrew from the marriage bed." She also accused him of mental cruelty.

Mrs. Krupp, who purchased a ranch near Las Vegas a year ago and now lives there, said they were married at Berchtesgaden, Germany, May 19, 1952, and have no children.

George Griffith, Tradesman, Dies

Death of George Griffith of 340 E. Union St., well known local business man, was announced today shortly after noon. Mr. Griffith died in Mt. Carmel Hospital, Columbus.

He was the senior partner in the Griffith Floorcovering concern on E. Main St. Funeral arrangements are in charge of the Deffenbaugh Funeral Home.

Hartman Reveals Text Book Costs Schools Superintendent Notes Increase Over Past 10 Years

The expense of providing text books free of charge to its pupils is costing the Circleville city school system four times the amount it paid for the same purpose 10 years ago.

This was revealed today by City Schools Superintendent George Hartman as he continued his appeal for public support of an additional operating levy. The proposed additional levy, for 2.3 mills, will be placed before city voters in the November 6 ballot.

In his latest statement, Hartman stressed the cost of text books to the school system, out of tax money. He also mentioned briefly several other reasons behind the request for additional operating funds. He said:

"The state of Ohio has a free textbook law. The school furnishes the pupil the use of a text while he is enrolled in the course. The cost to the school, out of tax money, is a considerable item even though the book will serve on the average for a three year period.

"THE Circleville city schools have spent, through September 1956, \$10,456.34 for free texts. Another round of orders are due at the end of the first semester. "Our free text bill is almost four times as big as it was ten years ago.

"In 1946 it was \$2,590.77; 1947, \$3,310.23; 1948, \$2,252.69; 1949, \$3,052.71; 1950, \$6,345.22; 1951, \$4,691.54; 1952, \$7,519.49; 1953, \$7,643.40; 1954, \$4,893.75; 1955, \$8,943.77 and through September 1956, \$10,456.34. Part of the increase is due to the growth of the school and part of it is due to the increase in textbook prices.

"To give a few examples, world history books jumped from \$1.65 in 1946 to \$4.50 in 1956. American history books from \$1.65 to \$3.14. American government from \$1.20 to \$3.20. Algebra I from \$9.99 to \$2.09. Foods from \$1.16 to \$3.72. Bookkeeping from \$1.11 to \$1.97, etc.

"The free text bill was passed to help large families meet their school expense. It is a wonderful aid from that point of view in that many families experience hardship in buying workbooks for their children.

"On the other hand, very few pupils appreciate the use of free

texts. It is very difficult to get people to take the same care of property belonging to someone else that they would give to their own.

"MAINTENANCE costs and other supplies have been as badly inflated as textbooks. You may also be interested to know that we had 54 teachers on the staff in 1950. Today, six years later, we have 94 teachers that increased the payroll for that item over \$100,000.

"Your school has grown from a school of approximately 1500 pupils in 1946, 10 years ago, to a school of approximately 2,600 boys and girls today. It is logical that the operating budget must grow to meet the need."

Polish Chief Seeking New Independence

New Communist Boss Says He Wants To Avoid Soviet Control

WARSAW, Poland (AP)—Wladyslaw Gomulka, Poland's new Communist party boss, worked today to erect a structure of independent Communism in the wake of a political revolt against Moscow domination.

Official broadcasts said Gomulka and the Politburo of the Polish Communist party had assumed "leadership of the working classes and the entire nation to overcome the mistakes and blunders of the past."

One broadcast said a program would be submitted to the party's Central Committee Sunday for improvement of economic conditions and the participation of youth in the government.

It promised to lift the "fetters of secrecy" from party affairs, and pledged a free election of party officials. A party resolution condemned anti-semitism.

Gomulka and other leading members of the Politburo plan to fly to Moscow soon to talk over differences that developed between Polish and Soviet Communist leaders last weekend.

GOMULKA MADE clear that the Poles could not expect any withdrawal of Soviet troops from their country in the foreseeable future.

A crowd of 250,000 received in silence a statement on Soviet troops from Gomulka, who led Polish Communists in their revolt last week for "freedom."

Adolf Hitler Listed Officially 'Dead' By German Court

BERCHTESGADEN, Germany (AP)—Adolf Hitler was officially declared dead today—11 years, 5 months and 25 days after he committed suicide and his body burned in the bomb-pocked garden of Berlin's reich chancellery.

A clerk pinned an official notice on the board of the Berchtesgaden district court building. It said "Adolf Hitler, born April 20, 1889, in Braunau on Inn (Austria) is dead. The time of his death was established as the 30th day of April, 1945."

At the same time, the Berchtesgaden Court and the Bavarian Ministry of Justice made public a 4½-page document on the long-awaited ruling. It said in part: "There can no longer exist the least doubt that Hitler took his life by his own hand on April 30, 1945, in the 'fuehrerbunker' of the Reich Chancellery in Berlin, and that he did it by a shot into his right temple."

Red Statue Gone

BERLIN (AP)—Communist East Germany today confirmed reports that East Berlin's Stalin statue is to be eased off the scene. A hotel will be built on the site.

Union Member Files Affidavit, Claims Injury

Police Chief Awaits Utility's Agreement On Joint Meeting

Ohio Consolidated Telephone Company today filed court action asking for a restraining order that would limit the number of pickets at the strike-bound Circleville exchange.

The Communications Workers of America union has been on strike against the utility for more than three months.

Pickaway County Prosecutor William Ammer revealed the phone company action. Details concerning the court order were not yet available.

Ammer also said that a union member picket, Martha Lagrow, has filed charges against a telephone company worker. She was said to have suffered a shoulder bruise during a "shoving incident" near the phone office on Pinckney St.

INCIDENTS were touched off Tuesday evening and Wednesday morning when pickets reportedly refused to allow company employees to go in and out of the phone office.

Early Wednesday morning, unidentified persons smashed a window, removed window screens and marked several other doors and windows with soap and lubricants.

Bill Stewart, local union head, said he did not know who was responsible for the acts. The union official claimed that the company has disconnected phone service of union members who have not paid their phone bills. He also claimed that other non-union phone users in the city who have not paid their bills still have phone service.

In an effort to keep order, Police Chief Elmer Merriman has requested that both union and company representatives meet in his office.

So far phone company officials have declined to join in the meeting, saying they have no authority to meet with the union locally.

UNION spokesman Stewart said he was willing to take part in the meeting if and when held.

Police reported everything appeared quiet today in the vicinity of the phone company building in Circleville.

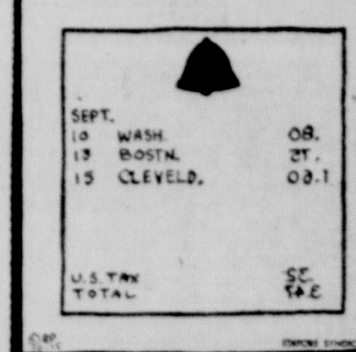

In Columbus, negotiations seeking an end to the dispute have been recessed again without progress toward settlement.

A company spokesman said there were no plans to resume talks with the striking Communications Workers of America (CWA) before next week unless either side comes forward with a new proposal or a negotiating

"PHONE BILL WITH REVERSED CHARGES"

It was a lucky break for us when A. G. Bell invented the telephone back in 1876. For instance, if it weren't for the telephone I'd have no way of contacting girls every evening so they could tell me they couldn't go out with me. And think of the confusion if Executives in Ad Agencies had to contact each other with smoke signals. Or if the Trendex people had to take TV Program Ratings by Carrier Pigeon. And how would you like it if you had to call up your Grocer with a Tom-Tom? Think how easy it would be to get a wrong number with a Tom-Tom. Real easy! That's how easy! And if there were no telephones think how irritating it would be when you got your bill every month. Hoo Boy!

Lausche Eyes Bender Backer

Union Chief Involved In Senator's Probe

CLEVELAND (AP)—With the help of a fellow Democrat, Gov. Frank J. Lausche last night expressed puzzlement over the Ohio Teamsters' Council endorsement of George H. Bender, his opponent in the Senate race.

Without mentioning either man by name, Lausche questioned what he called a "close relationship" between Bender and William Presser, president of the Teamsters' Council. It came about like this:

Lausche's fellow Democrat, former Sen. Thomas A. Burke, appeared on a television program last night and boosted Michael V. DiSalle for governor. During his speech, with Lausche sitting at his right, Burke spoke of his own previous and losing contest with Bender in 1954.

"Two years ago," he said, "my opponent, Mr. Bender, came here just a week before the election with a congressional subcommittee and called a labor leader who refused to answer questions and took advantage of the Fifth Amendment. The committee was supposed to come back."

"Two years have gone by and he (Bender) hasn't come back. Now Mr. Bender and this labor leader are going around with their arms around each other."

PRESSER WAS one of the labor leaders questioned two years ago by a House subcommittee investigating alleged labor racketeering here. Bender headed the committee.

After Burke's statements last night, a reporter asked Lausche to comment on the teamsters' endorsement of Bender.

"The truth is," he replied, "that I was naturally surprised when the committee came to Cleveland just before the election. In my own mind, I knew it was a political operation."

"I recall that statements were made about unsolved bombings in Cleveland."

"Now in 1956," the governor continued, "there is such a close relationship between the investigator and the man investigated that I, too, am puzzled."

Union Picket, Files Affidavit, Claims Injury

(Continued from Page One.)

session is requested by federal mediators.

Bargaining talks were resumed Tuesday after a 13-day lapse and recessed again at the conclusion of Wednesday's session.

The spokesman said the talks were confined on both sides to re-statements of position. No progress was made toward settling the 16 issues, mostly involving working conditions, that block agreement on a new company-union contract.

Meanwhile, a Portsmouth citizens committee, irked by the 10-day telephone blackout in that city, presented Gov. Frank J. Lausche with a list of recommendations. They included proposed legislation forbidding strikes in utilities and "requiring arbitration as final settlement of unresolved labor-management disputes in public utilities."

THE GROUP, a fact-finding arm of the Voluntary Citizens Committee for Law Enforcement (VCCLE), also recommended that a special session of the Legislature be called to consider the proposed laws if there is not a "speedy resumption of telephone service" in Portsmouth.

Ohio Consolidated exchanges in Portsmouth and surrounding Scioto County were closed after a group of some 500 persons stoned company installations in Portsmouth and neighboring New Boston on the night of Oct. 15.

Some 17,000 Ohio Consolidated subscribers, mostly in Portsmouth and Scioto County, are without telephone service. The company has about 58,000 customers in parts of 24 Ohio counties.

Another recommendation of the Portsmouth group would have the state utilities commission "exercise all legal means within its authority and control to re-

Big 10 Conference. Mr. Friedman was a member of that famous eleven.

Salt Lake City Gets 5-Inch Snow

SALT LAKE CITY (AP)—A snowstorm blanketed most of the central and northern intermountain area Wednesday.

Temperatures ranged below freezing as winds churned the powdery snow into drifts. Main highways remained open. Five inches of snow was on the ground in Salt Lake City.

store telephone service, even if limited, to our community."

The commission scheduled a meeting today with union officials to try to get contract negotiations off "dead center." A similar meeting with company officials was held Tuesday.

Asked what further steps the commission could take, Chairman Robert Moulton said:

"We are considering another move, but we are not at liberty to disclose it now."

The citizens group also asked the state industrial commission to make public as soon as possible its findings in the strike.

The industrial commission last week held a fact-finding hearing in the dispute. The company boycotted the hearing on grounds that it violated its collective bargaining rights. However, union representatives gave testimony.

The industrial commission's chief legal officer, Homer H. Hickling, began preparing his report Wednesday. He said he plans to make recommendations to the commission.

Two utilities commissioners, Moulton and Edward J. Kenealy, met for two hours today with union representatives in an effort to get contract negotiations off "dead center."

Representing the union were J. Curtis Fletcher, national director, and Frank Thernes, district representative. Fletcher said the meeting was "a general over-all discussion of negotiating problems."

He said it looked unlikely that contract negotiations would resume this week and that he and Thernes would go to Portsmouth this afternoon, "mostly to catch up with my correspondence."

The commission held a similar meeting with company officials Tuesday. It was fruitless.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Such a common thing as urine eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-excitement, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an easing soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

DEATHS AND FUNERALS

GEORGIA HALL

Miss Georgia Hall, 75, for many years a resident of Pickaway County, died early today at the home of a sister, Gladys, in Columbus.

In addition to her sister, Miss Hall is survived by a brother, Commodore, of Toledo, and several nieces and nephews.

Miss Hall was born in Pickaway County, Aug. 3, 1881, and lived for a long time in the vicinity of Meade.

Funeral services will be held Saturday at 2:30 p. m. at Meade.

French Employes Strike In Morocco

RABAT, Morocco (AP)—

Nearly 50,000 French employes of the Moroccan government called a 24-hour strike today protesting Arab revenge killings which have claimed at least 60 lives in Morocco.

The employes acted as anti-French demonstrations spread across North Africa and Arab governments demanded release of five top Algerian rebels seized by the French.

Moroccan authorities warned the protesting employes that if they walked out they would lose government protection in their posts.

Such a strike could paralyze public services in Morocco.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Such a common thing as urine eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-excitement, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an easing soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

Public Schools Close Friday

Classes in all Circleville and Pickaway County public schools will be dismissed Friday in order to allow teachers to attend a Central Ohio Education Association meeting to be held in Columbus.

The central Ohio teacher's group is a branch of the Ohio Education Association.

Tomorrow's meeting will mark the 85th annual session held by teachers in this section of the state. Theme for the meeting will be "Teaching—A creative Art."

The official name of Rhode Island is the "State of Rhode Island and Providence Plantations."

U.S. Retailers Agree This Is Big Sales Year

Competition Very Keen As Discount Houses Vie For Trade Volume

By SAM DAWSON

NEW YORK (AP)—Retailers are agreed this will be the biggest year for total retail sales. But for what kind of stores and which particular ones?

Competition rarely has been fiercer than it is this fall between the discount houses and the conventional stores, the cut-price catalogs and the small town appliance or furniture shops, the big retail chains and the small merchant, those who stick to list prices and those who undersell.

Frequently the competition is deadly—the retail mortality rate has increased in recent years. The latest Census Bureau count (1954) showed fewer retail stores than in 1948, although sales totals were sizably higher and so was the number of customers to be served.

Most of the competitive methods used are old. They just hurt more now in a buyers' market tipping the scales of profit and loss.

And the faces of the competitors are changing. Discount houses first relied on direct mail or word of mouth advertising. They still send out their catalogs. But they also advertise now in the newspapers. They are setting up branch stores and growing into chains. They are beginning to offer the services they scorned in the early days of relying solely on cut prices. Some will deliver, sell on time, offer their own guarantees.

Their old-line competitors are changing, too. Some big department stores cut prices to meet the discount house figure. Others push their trade-in plans, their cut price warehouse sales, or trim some costlier services.

Smaller stores fight back to meet the competition of lower prices. A group of 100 home furnishings retailers in the Rocky Mountain and Pacific Coast states has just been formed to do mass buying of furniture, carpets, and appliances. This way they hope to offset the inroads of the discount catalogs. This buying group is just the latest in an increasing total of them in the retail field.

Catalog selling, on the other hand, is also in the increase. A radio commercial urges you to

send for a catalog listing vitamins at great savings. A leading five-and-ten variety store (Woolworth) is entering the catalog field for the first time. Other chains are there ahead of it. Cut prices on appliances was the original big lure. Now furniture, jewelry, furs, drugs and imported foods are included.

There can be both real and deceptive price cutting. The Assn. of Better Business Bureaus has just opened a drive against any advertisement or catalog with exaggerated or untrue claims of price reductions. These methods include inflated list prices at the manufacturing level, or retail raising of prices before they are "cut."

Fremont Schedules Trial In Swindle

FREMONT (AP)—Mrs. Sherry Caldwell of Cleveland has been brought here from Cincinnati to stand trial Tuesday on a charge of swindling 70-year-old Mrs. Mary Davis of Fremont out of \$40,000. Mrs. Caldwell, 28, had been in

Steel Men Fear Auto Plant Demand May Bring Scramble

NEW YORK (AP)—The size of automobile makers' demands for steel may mean the difference between a "comfortably tight" market and an all-out year-end scramble, the Iron Age, national metal-working weekly, said today.

Steel men fear that big demands by auto men would play havoc at a time when practically every other industry will be fighting for a preferred spot on order schedules, the magazine said.

Iron Age said Detroit has been holding back its demands for three reasons—production delays growing out of drastic model changes, hesitancy to load up rebellious dealers and willingness to let the mills be their "warehouse" as they did before the sellers' market.

"Detroit's production problems are merely postponing the automotive tidal wave," the magazine said.

It said in Cincinnati awaiting trial on a similar charge, but will be tried here first.

commented, "What it adds up to is that a sharp upturn in new car sales—and there are indications that a groundswell is taking shape—will leave many steel consumers holding the short end of the stick—at least for fourth quarter and probably first quarter of 1957."

Iron Age also said steel producers also are worried about possible imposition of controls on plates and structural if the proposed government program to build big oil tankers goes through. The program hinges on developments in the Suez Canal negotiations, the magazine said.

"Giving ship builders a preferred spot on plate and structural order books would aggravate a near-fantastic market situation for these two products—a situation that is forcing cutbacks in fabrication plants and serious delays in the building of schools, churches and plants," Iron Age said. "Also, it probably would lead to a clamor by other industries for defense ratings."

Walt Disney Wins Milestone Award

HOLLYWOOD (AP)—The Screen Producers Guild has voted Walt Disney its annual milestone award for his contribution to motion pictures.

The award will be presented Feb. 3, president Samuel G. Engel said. Others who have received the award are Jesse Lasky, Louis B. Mayer, Darryl F. Zanuck and Cecil B. Demille.

Cops Again Plan Carrying Billys

HOUSTON, Tex. (AP)—Houston police are going to get their nightsticks back. Chief Carl Shuptrine said he is requesting purchase of 55 billys for patrolmen and any other officers who feel they need them. Houston police have not used night sticks since World War II, when most of the supply was issued to the home defense guard.

Sulphuric Acid Dumped In River

DURANGO, Colo. (AP)—A trailer truck carrying 3,000 gallons of sulphuric acid missed a turn and broke through the railing of a bridge south of Durango Wednesday night, dumping the acid into the Animas River.

Northern New Mexico towns which use the river's water were notified of the danger.

Only the trailer tank section of the truck fell into the river. The driver was not hurt.

At Farmington, N.M., about 50 miles downstream, inlets to the city reservoir were closed. Artee shut off all water lines from the river.

Diversion canals for irrigation water south of Durango also were closed.

The Bunker Hill monument stands on Breed's hill, where the battle actually was fought.

Let's All Go Shopping!

★ ★
By MRS. LEORA SAYRE
Home Economics Agent
Extension Service

"Let's Go Shopping for cider, that year 'round beverage which is especially popular at Hallowe'en time. The making of cider is seasonal as well as a specialized business.

Cider is being made now during the apple harvest season.

During the Fall season Ohio's 142 cider plants provide plenty of the beverage for family snacks. It is especially appropriate. And as refreshments for "witches" parties, or anytime an extra special treat is the order of the time.

Extension specialists in marketing information for consumers say the terms, cider and apple juice, may be used interchangeably in this country. In some other countries, cider is the name for fermented apple juice, but this is not a common product in this country.

Today in the United States much of the cider is pressed in shiny, stainless steel presses from good quality, clean, insect-free apples. A blend of sweet, tart, and aromatic apples makes the best flavored cider. Non-clarified, unfiltered cider has an excellent apple flavor and color—but will show some sediment in the bottom of the container.

To make cider keep so it may be transported long distances and also held for some time without danger of becoming "hard" (a step in the change to vinegar), processors now use one of two methods of preservation. In one, benzoate of soda is used. In the other, the cider is pasteurized. Pasteurization at 180 degrees to 190 for a few seconds is not likely to result in a cooked flavor. When benzoate is used, the label must

PROBATE COURT OF PICKAWAY COUNTY, OHIO.
Charles Isaac, Administrator of the Estate of Rosie Isaac, deceased.
vs.
Charles Isaac, et al., Defendants.
No. 17283
NOTICE OF PUBLIC SALE
In pursuance of the order of the Probate Court of Pickaway County, Ohio, I will offer for sale at public auction on the 12th day of November, 1956, at 2:00 o'clock P. M., at the door of the Courthouse in Circleville, Ohio, the following described real estate, to wit:
Tract No. 1. Situated in the County of Pickaway, State of Ohio and in the City of Circleville and bounded and described as follows: Being Lot Number Sixteen, Hundred, and Six (1606) in the Circleville Land and Improvement Company's Addition to the said City of Circleville, Ohio. Being the same premises conveyed to Charles Isaac and Rosie Isaac by deed from Gerald E. Leist, et al., dated July 2, 1953, and recorded in Vol. 147, Page 238, Pickaway County Deed Records.
The above premises is located at 312 Logan Street, Circleville, Ohio.
Tract No. 2. Situated in the County of Pickaway, State of Ohio and in the Township of Circleville and bounded and described as follows: Being Lot No. Twenty-eight (28) in the Charles Isaac Subdivision as described in the plat thereof recorded in Vol. 3, Page 18, Pickaway County Plat Records.
The above premises is located at 439 John Street.
Tract No. 3. Is appraised at Six Thousand (\$6,000.00) Dollars and Tract No. 4 is appraised at Five Thousand Five Hundred (\$5,500.00) Dollars. Each of said tracts must be sold for not less than two-thirds (2-3) of the appraised value thereof.
Terms of Sale: Ten (10) percent of purchase price on day of sale in cash with the balance in full on confirmation of sale and delivery of deed.
Charles Isaac, Administrator of the Estate of Rosie Isaac, deceased.
J. W. Adkins, Jr., Attorney.
Oct. 11, 18, 25, Nov. 1, 8.

with the list of ingredients, net weight of the container, and the name and address of the processor or distributor.

Fresh, untreated cider must be refrigerated to retain its fresh flavor for a week or 10 days. All cider should be refrigerated in order to maintain quality and full

flavor. Cider may be frozen either in its original container or in regular freezing containers, if there is at least 10 per cent head space (air space).

Apple juice or cider is good for you, as well as good to the taste. One cup has about 120 calories. It contains some vitamin A and small amounts of

calcium, phosphorus, iron, and vitamin B.

Have you tried mulled cider? If interested, a formula is available at county extension office.

If you'd rather eat than drink your apples, we suggest you shop for the ingredients to make an apple pie, which won Mrs. Gene Thurston first place at the 1956

County Fair. (Have you tried her winning Pumpkin Pie recipe?)

Mrs. Thurston's materials and method are: Pastry—for 2 9-inch crusts—1 3/4 cups flour, 1 teaspoon salt, 1/2 teaspoon baking powder, 1-3 cup boiling water, 2-3 cup oil. Pour boiling water over oil and stir. Add sifted flour, salt and baking powder and mix to form

a ball. Roll out 1/4 inch thick on floured board or wax paper.

The apple filling—5 cups tart apples, 4 tablespoons flour, 2 tablespoons water, 2-3 cup granulated sugar, 1-3 cup brown sugar, 1/2 teaspoon cinnamon, 1/2 teaspoon salt, 1/2 teaspoon nutmeg, 2 tablespoons butter. Pare apples and slice thinly. Add sugars mixed with

flour, salt and spices. Place in a cooking vessel with 2 tablespoons water and simmer on low heat for 15 minutes, (while preparing pie crust mixture) Line pie pan with pastry. Pat the pastry firmly into pan and cut off excess even with edge of pan.

Place apples into the shell. Dot with butter, adjust top crust and

trim 1/4 inch over bottom crust. Tuck the top crust under bottom and then seal edges and crimp. Brush top of pie with egg whites or milk for a lovely golden brown. Bake at 450 degrees for 10 minutes; then 350 degrees for 40 minutes. (1 teaspoon lemon juice may be added to the filling if apples are not tart.)

Turner-Hoffman Wedding Rites Held In Yellowbud

Miss Mona Mowery Was Maid-Of-Honor

The Yellowbud Bethlehem EUB Church was the setting for the marriage of Miss Beverly Ann Turner, daughter of Mr. and Mrs. Clyde Turner of Circleville Route 1, to BTJ James L. Hoffman, son of Mr. and Mrs. L. W. Hoffman of Circleville Route 3.

The Rev. S. C. Elsea performed the double ring ceremony at 2:30 p. m. before an altar decorated with white gladioli and pom poms, seven branched candelabra and palms.

The bride, given in marriage by her father, wore a ballerina-length gown of white lace over taffeta. The gown featured a scooped neckline forming a deep V in the back. The long torso bodice formed points at the neckline over the very full skirt which was worn over an old-fashioned hoop skirt. She wore matching mitts. Her shoulder-length veil of silk illusion was caught to a pearl studded crown. She carried a cascade of white feathered carnations, centered with a white orchid. Her only jewelry was a pearl necklace, gift of the bridegroom.

Miss Mona Mowery of Circleville Route 2 was maid-of-honor. Her blue eyelet dress was fashioned after that of the bride. Matching shoes and hat completed her ensemble and she carried a colonial bouquet of mums and rose buds.

Junior bridesmaids were Miss Dawn Morrison, cousin of the bride and Miss Ann Elizabeth Hoffman, sister of the bridegroom. They wore matching yellow dresses of eyelet featuring a long torso bodice. Their matching hats were trimmed in lace and they carried colonial bouquets of mums and rose buds.

Little Miss Denise Morrison, cousin of the bride, was flower girl. She wore a dress matching those of the junior bridesmaids and carried a basket of rose petals.

Mr. Dave Hoffman served his brother as best man. Ushers were Jimmie Reynolds, Rod Shasteen and Larry Wing.

Pre-nuptial music was presented by Mrs. Roy Decker, pianist, and Mr. Oscar Reynolds sang "Always", "I Love You Truly", "Oh

Promise Me" and "The Lord's Prayer."

Following the ceremony a reception was held at the Wardell Party Home.

Mrs. Turner received the guests in a dress of beige lace with brown accessories and a corsage of white carnations. Mrs. Hoffman chose a dress of brown silk shantung with beige accessories and a corsage of white carnations.

Hostesses for the reception were Mrs. Kervyn Morrison, Mrs. John Turner, Mrs. William Armstrong, Mrs. Roy Decker and Mrs. Paul Turner. Mrs. Dale Chaney was in charge of the guest book.

The bridal table was centered with a four-tiered wedding cake topped with a miniature bride and groom. Pink sweetheart roses surrounded the cake.

The new Mrs. Hoffman is a graduate of Pickaway Township High School and is employed in the office of John W. Eshelman and Sons.

Mr. Hoffman is a graduate of Circleville High School and is serving with the United States Navy aboard the U.S.S. Intrepid CVA-11.

For the couples honeymoon trip to Niagara Falls, the bride chose a brown sheath dress with brown accessories. She wore the orchid from her bridal bouquet.

The bridegroom's parents entertained with a rehearsal dinner for the wedding party at the Pickaway Arms.

Personals

Miss Mae Martin, daughter of Mr. and Mrs. Porter Martin of Circleville Route 3, has been accepted into the Alpha Chi Omega Sorority at Ohio State University.

The Child Study Club will meet in the home of Mrs. Joe Rooney, Circleville Route 3, Monday at 7 p. m.

Rev. and Mrs. C. L. Thomas of Circleville Route 4 have had as their guests, their son and wife, Mr. and Mrs. Edward Thomas of Phoenix, Ariz.

The Practical Nurses Association will meet at 8 p. m. Friday in the Berger Guild Room. A special program has been arranged and all members are asked to be in attendance.

The Young Couples Club of the Lutheran Church will hold a Halloween Party at the Armory Sunday at 7:30 p. m. Members are asked to come masked.

Mrs. Ida F. Slusser of Marietta has been the house guest of her son and family, Mr. and Mrs. Leroy Slusser of 217 Watt St.

Mr. and Mrs. Paul Neff and sons of Dayton, and Mrs. W. A. Francis and Miss Susan Reisinger of Kingston were the guests of Mr. and Mrs. Ray Goodman and Mr. and Mrs. Warren Grover and daughter, Amy Lou, of E. Franklin St.

Mr. and Mrs. Robert Younkin and sons, Bill and Jim, of 832 Atwater St., entertained the following dinner guests: their cousin, Bill Riser, with the U. S. Field Band, Mr. and Mrs. Paul Riser

Episcopal Women Gather For Regional Session

The annual Columbus regional meeting of the Episcopal Woman's Auxiliary to the National Council, Diocese of Southern Ohio, was held Wednesday in St. Peter's Church, Delaware. One hundred and eight delegates, representing some 15 parishes and 11 diocesan board members attended the gathering. Theme of the meeting was "His Witnessing Community."

Following registration and coffee hour, the service of Holy Communion was held with the Rev. Joel Miller, rector of St. Peter's Church, celebrant. Welcoming addresses were given by the newly elected chairman of the Columbus region, Mrs. Jack Nida, and the Hostess Auxiliary President, Mrs. Robert Allen. Mrs. Richard Riley, diocesan

and daughter, Cindy, of Columbus, Mr. and Mrs. Joseph Rose of Indianapolis, Ind., Mrs. Carl Anders and Mrs. Clarence Haines of Lancaster, Mr. and Mrs. James Taylor, Sr., and daughter, Mary Ellen, Mr. and Mrs. James Taylor, Jr., and Bill and Jim Younkin all of Kingston.

Following a luncheon served by the women of St. Peter's Parish, the Rev. Almus Thorp, rector of St. Stephen's, gave a talk on St. Stephen.

Attending the meeting from St. Philip's parish, Circleville, were Mrs. Robert Doherty, Mrs. Howard Moore, Mrs. Michael Sparks, and Mrs. Enid Denham.

Change Meeting

The Harper Bible Class of the First Evangelical United Brethren Church has changed the date of their Halloween Party from this Thursday to Saturday at 7:30 p. m. The party will be held in the Serv-

Davis-Brown Wedding Held

Mr. and Mrs. Charles Davis of Stoutsville Route 1 are announcing the marriage of their daughter, Carol Mae, to Mr. Charles W. Brown, son of Mr. Henry Brown and the late Mrs. Brown of Mt. Sterling.

The Rev. Alonzo Hill officiated at the wedding ceremony, held in his home.

The bride was attended by her mother and her sister, Miss Louise Davis.

The new Mrs. Brown chose for her wedding a dress of white taffeta, and used as accessories, blue scatter pins, a gift of the groom. The bride is a graduate of Circleville High School and is now employed at George's Drive-in.

Mr. Brown attended Circleville schools and is also employed as a service attendant at the drive-in station.

The newly wed couple resides on Lincoln Ave., Circleville.

Birthday Dinner Gathering Fetes Miss Southward

Miss Clara Southward of 147 1/2 W. Franklin St. was the guest of honor at a birthday dinner held at Pickaway Arms. Miss Southward celebrated her 88th birthday.

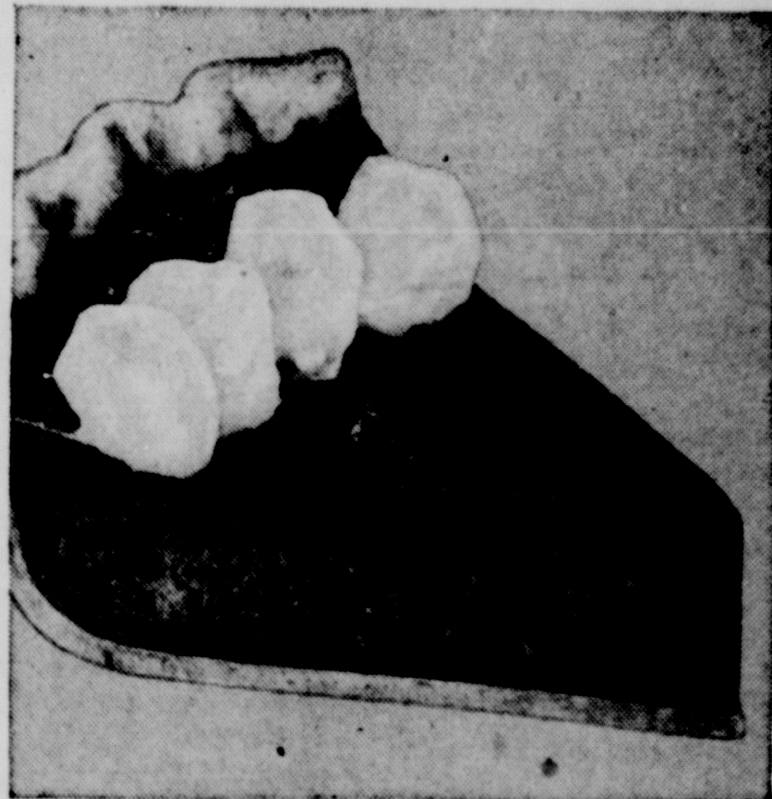

The affair was planned by a group of charter members of the Business and Professional Woman's Club. Miss Southward is a charter member and has served

the club as president two years. The BPW club was organized in 1923.

Following the dinner, members of the group went to the home of Miss Southward where they spent the evening in visiting and enjoying the many birthday cards Miss Southward had received.

A gift was presented the guest of honor by the following members present: Miss Minnie Palm, Mrs. Anna Chandler, Mrs. J. B. Work, Miss Nellie Palm, Miss Mary Howard and Mrs. Irma Stevenson.

Mrs. Filbert's NEW Margarine

More And More Older Folk Now Getting Social Security

WASHINGTON (AP)—A basic shift is taking place in the pattern of federal and state care for older persons.

Records of the Social Security Administration showed today that more and more men and women in the older age brackets are receiving assistance in the form of Old-age and Survivors Insurance—better known as Social Security payments.

At the same time, the proportion of elderly people on state old age pension rolls is diminishing.

One Social Security administration official says the trend is expected to be accentuated by the broadening and liberalizing of the Social Security laws.

"Social security is not directly taking people of the old-age pension rolls," he explained.

"What is happening is this: More and more, as people reach the age of 65, they are eligible to receive old age and survivors benefits under the Social Security program, and thus do not go on the pension rolls. The result is, that year after year, the old-age pension rolls in most states are dwindling."

The records bear this out. In December 1954, 388 of each 1,000 persons aged 65 or over were receiving Social Security benefits while 183 were on state old age pension rolls.

In June of this year, the number of each 1,000 getting Social Security payments had risen to 462. The number receiving old-age pensions, financed in part by the states and federal government, had dropped to 173.

Old age pension payments in recent years have ranged from \$90 to \$28. Maximum Social Security benefits are \$108 a month for one individual, with a minimum of \$30 a month.

The last Congress broadened the federal law to make widows eligi-

ble for Social Security benefits at 62, instead of 65, and also provided benefits for totally disabled persons at age 50.

In Ohio, as of last June, there were 491 Social Security holders and 119 state pensioners per 1,000 of population 65 or over.

Titanium Mill Slated For Ohio

STEUBENVILLE (AP)—Titanium Metals Corp. of America, with general offices in New York has announced plans to buy a steel plant at nearby Toronto and convert it into a facility for rolling and forging titanium.

The plant is the Ohio River Steel

Division of the Louis Berkman Co. It has 400,000 square feet of floor space and 50 acres of adjoining property. Titanium metals is owned by the National Lead Co. and Allegheny Ludlum Steel Corp.

Appellate Court Denies Contention

CLEVELAND (AP)—An appellate court has rejected the argument of

a man who claimed Ohio couldn't legally prosecute him because the bank he robbed was under federal jurisdiction.

The appeals court held that the conviction in common pleas court

was valid because Ohio has a law against robberies and, under it, bank robberies are not set aside as separate cases.

Stephen M. Kostura was convicted of robbing a Central National

Bank branch in suburban Parma on Oct. 24, 1955. His attorney, Henry C. Lavine, said that, because there is a federal law against robbing national banks such as that one, only the federal government had jurisdiction in the case.

Ike May Have Narrow Edge In Massachusetts Balloting

Editor's Note: Here is another series of articles by veteran Associated Press political reporters who are surveying election sentiment in key states.

By RELMAN MORIN

BOSTON (AP) — The presidential race in Massachusetts, at this late stage, looks like a stride-for-stride contest going right down to the wire.

Doorbell ringing indicates that if there is an edge today, President Eisenhower has it.

Top Democrats rate Massachusetts as an "anchor" state for Adlai Stevenson. If they lose it, they are "out of business."

A member of the Republican high command said, "I think we have a small slip there, but the picture is fuzzy."

A key to the uncertainty lies in this typical comment from a Haverhill housewife, Mrs. Ernest Valente:

"I'm an independent. I like Mr. Eisenhower but I don't believe in voting just for personalities. I haven't decided."

Over and over again, in talking

with people across the state, these two words, "independent" and "undecided" crop up.

The largest single group of voters in Massachusetts—usually estimated at about 40 per cent of the total—falls in the category of independents or "indies." They hold the balance in elections.

They swung to Eisenhower in 1952 when he won Massachusetts by nearly 209,000 votes. Four years earlier, President Truman defeated Gov. Thomas E. Dewey by 242,000 in a smaller total vote.

The "indies" no doubt account for the fact that Massachusetts has a U. S. senator from each major party, a 7-7 delegation in the House and a 3-3 split in the top offices of the state government as even as

half and half a Boston coffee.

To make the picture complete, Massachusetts' electoral votes—now 16—have gone seven times to each party in the 11 presidential elections since 1900.

This is a quicksilver group of voters, elusive, difficult to pin down.

What is likely to swing the "indies" this time? I've been all over and can't find anyone who really knows.

No single issue seems to be stirring voters.

A Marlboro housewife, complaining of the high cost of living, says, "I just can't make the budget stretch. If I thought Stevenson could do something about that, I might vote for him."

PUCO Eyes Alliance Crossing 'Trap'

COLUMBUS, Ohio (AP)—The state utilities commission today made a formal case of a complaint that a railroad crossing one mile north of Alliance is a "death trap."

The commission gave the Pennsylvania Railroad 15 days to file a formal answer to the complaint.

"Mary Haworth's Mail"

DEAR MARY HAWORTH: My husband's daughter, 16, of a previous marriage, recently came here for a visit from the West Coast. Fred hadn't seen her for almost six years; and after all this time Carol (I'll call her) had written to him, saying that she had a job parttime, and had saved enough money to make this trip expressly to see him.

During her stay in the city, my husband took her out to dinners, and I was introduced to her, and my little daughter liked her immediately. I had her to dinner once, and we spent a pleasant evening together.

Now comes the issue that bothers me: When Carol was leaving for the West Coast, my husband gave her one hundred dollars. Although we aren't in dire circumstances, still we have unmet needs. For instance, our living room isn't furnished yet. And my husband had to borrow the money to give to Carol.

His argument is that he hadn't contributed any money to Carol's support since the divorce, so he felt it was only right he should give her some money before she left. My argument is that since Carol's mother remarried and has a lovely home, Carol lacks nothing; whereas we could have used the money for necessities.

F. D.

DEAR F. D.: May I say first that Fred's daughter Carol ought to have been a guest in your household, during her stay in the city—if any kind of home accommodations could have been provided, emergency style. That was your obligation, in loyalty to him and courtesy to her. Yet it appears that she lodged elsewhere, and that your contact with her was very limited. However, this may have been her idea, or Fred's preference, for which you aren't to be chided.

Second, without quite knowing what you are angry about, you feel that Fred behaved rather irresponsibly, as your husband, in giving a substantial gift of borrowed money to Carol, who really doesn't need such largesse at present. You resent this gesture, as a disloyalty to you in the circumstances; and as a foolish handout besides.

Well, from a very narrow view, this may be true; but even so, it

is entirely consistent with his past performance and character, isn't it? By his own admission, he contributed nothing to Carol's support after he was divorced from her mother—which is a pretty careless record, surely.

And for another thing, likely there is an element of filial defiance, of her mother and stepfather, implicit in Carol's sentimental journey, at her own expense, to see her dad. Sixteen is a rebellious age and, given the excuse of divorced parents, adolescents can be aggressively difficult and unfair, in rejecting the standby parent, in favor of the absent ne'er-do-well—as part of their drama of confused self-assertiveness, in the final phase of weaning.

So perhaps Carol was here on such a mission, and skillfully played upon Fred's sympathies, jockeying him into the position of vying with her mother, for top rating in her current scale of allegiance. Possibly she got him in the mood to refund her train fare, and thus in effect endorse her trip, that her mother may have opposed.

In any case, whatever the inside story, it seems destructive to haggle about what's done. It is more essential to the welfare of the marriage, for you and Fred to try to understand why things happened as they did. There must be this kind of sharing, if you are to be real partners.

M. H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

Governor Delays Executions Of 2 Convicted Slayers

COLUMBUS, Ohio (AP)—Executions of two convicted murderers have been postponed so Gov. Frank J. Lausche can study their cases.

Lausche granted one reprieve Wednesday to Samuel W. Tannyhill, 27, slayer of a Fremont waitress. Tannyhill had been scheduled to die in Ohio Penitentiary's electric chair Friday night. The reprieve postpones the date until Nov. 26.

Tannyhill was convicted of first degree murder in the bludgeon slaying of Shirley Bradford, 29, on May 2, 1955. He had kidnapped her after attempting to rob a Fremont tavern where she worked.

The other reprieve to Dec. 3 went to Earl Sullivan of Utica, Licking County. Sullivan was scheduled for execution in the electric chair next Nov. 2 for the murder of his estranged wife, Valeria.

Sullivan, 33, was convicted of first degree murder for the fatal shooting on Oct. 29, 1955. He claimed she shot herself.

Taxes Up Million
CLEVELAND (AP)—Collection of personal property taxes in Cuyahoga County rose \$1,002,701 to \$39,339,791 in 1956, county Treasurer Frank M. Brennan reports.

Presley Receives Notice On Draft

MEMPHIS, Tenn. (AP)—Rock 'n' roll singer Elvis Presley has received a draft questionnaire and thinks that his induction into the armed services is "real close," the Memphis Press-Scimitar says.

One was opined that "the Army probably will put Presley on sentry duty—they are using 'hound dogs' for that now."

OSU Books OK'd

COLUMBUS (AP)—Ohio Auditor James A. Rhodes wrote a letter Wednesday to Dr. Howard L. Bevis, retired president of Ohio State University, reporting that books and records were "in conformity with the statutes of Ohio" during Dr. Bevis' tenure.

Appliances To Be Rented In Future

CLEVELAND (AP)—A magazine editor predicted here today that homemakers of the future will not have to buy stoves, refrigerators, washers and other appliances.

Addressing a meeting of advertising agency executives, Walter J. Campbell, editor of "Steel" magazine, said manufacturers would make the appliances available through a service policy on loan or at nominal rent. At the end of five years the manufacturers will recall the used appliances and replace them with new ones without any capital outlay by the householder, he said.

Campbell said the loan or rent-

al system of marketing appliances would be made necessary by the coming of more completely automated metalworking plants.

"Automation requires a steady market," he said. "Otherwise we cannot justify the tremendous capital investment in the plant and machinery required for a completely automated plant."

The magazine editor said the new types of energy released by the atom and controlled by the electron will do more to stimulate growth of the metalworking industry during the next 20 years than anything that has happened to date.

Campbell described metalworking as the world's greatest industry, but said the industry's present sales volume will look small in a few years. He also predicted that the trend toward larger advertising expenditures would continue.

Marion Shovel Co. Sale Gets Approval

MARION (AP)—Shareholders of the Marion Power Shovel Co. have approved sale of the company's net assets to the Universal Corp of Washington, D. C.

A separate offer by Universal to purchase the net assets of the Marion company's subsidiary, the Osgood Co., will be voted upon by Osgood shareholders at a special meeting to be called later this month. Terms of the offer have not been announced.

Both the Marion and Osgood purchases are subject to approval by Universal's shareholders at a special meeting slated for Nov. 7.

State Auditor's Examinations Now On Current Basis

COLUMBUS, Ohio (AP)—Required examinations of all taxing districts and political subdivisions are on a current basis for the first time in half a century, State Auditor James A. Rhodes reports.

The auditor said Wednesday many of the examinations were from six to eight years overdue. They are made by the Bureau of Inspection and Supervision of Public Offices established in 1902 by the Legislature. The bureau operates under Rhodes' direction.

"By the end of 1956, audits in

every political subdivision will be brought up to date," Rhodes reported. "During the past 3 1/2 years we have findings in cases where there was a clear embezzlement of public funds, but in the overwhelming majority of cases we found public officials capable and honest."

Say

Know the Facts

We have said before—

The most important thing you possess to your WORD.

The most important thing you can buy is SERVICE.

It is a great satisfaction to have sold products in this County and still have eleven people who they or their family bought merchandise from us fifty years ago. We like to think that SERVICE and our WORD have made this possible.

In the past week we have had ten new service customers on the recommendation of our regular customers and have increased our Service sales 27.5% over last year. That makes us feel good but it also puts a responsibility on us to meet that Service demand.

To meet the Service demand we spend about \$1500.00 a year to send our boys to G. M. Training School at Cleveland and attend a Factory Service meeting every month. We have just added over \$2200.00 in new equipment. We believe that without trained men and the proper equipment you can not get the job done. Our management and Service personnel have had over 139 years experience in Service and we are proud of the fact that we have served 24 years and 5 months in our Armed Forces.

Not counting the transient trade we get, we have 567 regular Service customers. This means that we cannot always get something done for you as soon as you might need it but we will make every effort. Outside of the emergency, a great deal of our Service is by appointment and we appreciate your cooperation on this.

We work on many types of cars but we want to say that no one can give you proper Buick Service but us. They cannot possibly know because they do not have the Training advantages and Service bulletins that we have. If you have a tough job let us try it.

Here there is no Boss—the only Boss is the Customer—every man will make an effort to give you the best Service he knows how and of course it is always guaranteed. We always welcome any suggestion that will help us improve our Service to you. We invite you to inspect our Service department.

Bender Battles To Save His Political Life

5-Term Gov. Lausche May Prove To Be Too Powerful An Opponent

By REED SMITH

COLUMBUS, Ohio (AP)—Republican George H. Bender, a consistent Eisenhower backer, is waging the fight of his political life to retain his seat in the United States Senate. He was elected to the Senate in 1954 to fill the unexpired term of the late Robert A. Taft.

The man trying to unseat him is Frank J. Lausche, Ohio's five-term Democratic governor.

Most political observers, looking back at Lausche's vote - getting prowess, can't predict a Bender victory.

Lausche is rounding out five terms as Ohio's chief executive, two more than any other man. He left a private law practice in 1932 to become first a judge and then the mayor of his home city of Cleveland before moving to the governor's office.

The governor's comparatively quiet unpretentious campaign technique consists of very little speech-making, few appearances at formal political gatherings. But he shakes thousands of hands at county fairs, civic functions, dedications and private organization gatherings.

Bender, conducting a strenuous campaign, is a veteran of 40 years in public life. He served five terms in the Ohio Senate, and seven as U.S. representative-at-large before beating Thomas A. Burke, Lausche's interim appointee for the Taft senate seat, in 1954. Bender's margin over Burke was only 3,000 votes.

He has keyed his drive for reelection to a record of unvarying support of President Eisenhower. President Nixon, along with other top GOP brass, have visited Ohio in his behalf.

Bender repeats over and over that Eisenhower needs a Republican Congress. He fumes over Lausche's failure to meet him face-to-face to debate campaign issues.

But failing in that, Bender has turned to an energetic program of trying to meet personally as many voters as possible in addition to almost daily speeches at political rallies.

Driving into small towns, he makes a practice of visiting a barber shop, bank and tavern, where he says he gets a cross section of public opinion.

But he continues to needle Lausche about "silence on the issues," calls his opponent "a part-time Republican, a part-time Democrat, and where it serves his purpose, a part-time independent."

Lausche replies that he will "not engage in a shouting contest" with Bender and adds: "My conviction is deep that nothing either I or my opponent can say or do in the brief period of a month will change the reality of the good or bad which we have done."

Politicians say Lausche has been able to remain in office in a nominally Republican state by attracting GOP votes without losing too much Democratic support despite almost constant feuding with party chairmen.

Lausche has criticized the Eisenhower administration's soil bank program as beneficial to big farmers but of little or no help to small family farms of about 100 acres.

Geauga Physician Honored By Clubs

CHARDON (AP)—Dr. Walter C. Corey, Geauga County's first public health commissioner, was named the county's "outstanding man of the year" Wednesday night at a banquet sponsored by the Geauga Kiwanis Club and the Burton-Middlefield Rotary Club.

Dr. Corey started practice in Chardon in 1925 and served as health commissioner for a quarter century. In 1931 he established the county's first hospital, a 10-bed institution which he still operates.

Willoughby Official Cited For Assault

WILLoughby (AP)—Willoughby Finance Director Francis H. Dickson pleaded innocent to a charge of assault and battery Wednesday.

A 14-year-old girl has accused him of shaking her when she refused to go for a ride in his car. Dickson, 57, father of three children, says it's a case of mistaken identity. Free on bond, he has been suspended from his job by Mayor Gar J. Pierce and will appear at a hearing tentatively scheduled for Nov. 13.

He complains of that he calls "federal encroachment" on functions of state and local governments.

Sokolsky's These Days

(Continued from Page Six)

The Republican Party was no less radical in its tone in 1856 than the States' Rights Party seems to be today. The leaders of the new party, apart from Andrews and Werdell, are Clarence E. Manion, John U. Barr and General Bonner Fellers.

Among its national committee are such well-known personalities as Spruille Braden, formerly Ambassador to the Argentine, Charles Edison, formerly Governor of New Jersey and Secretary of the Navy, and General George E. Stratemeyer, to select a few names.

As I look at the names, there are Republicans, Democrats and no party people. Many are of the organization called "For America." It is an interesting beginning, particularly in view of the fact that the parties on the Left are dying. It is possible to foresee that if Adlai Stevenson is defeated, the Democratic Party may move further to the Left, accumulating the remainder of the Communist, Socialist, and Socialist Labor Parties, the A.D.A. Fabian Socialists, the Liberal Party in New York State, thus becoming a characteristically social-democratic party. The 1960 election could, under such circumstances, become very much more interesting than 1956 and might even be crucial in American history.

Rep. Powell Alters Quotes From Ike

WASHINGTON (AP)—The White House has made public a statement by Rep. Powell (D-NY) retracting Powell's report that President Eisenhower had told the Congressman he favors jailing anyone who disobeys court orders to desegregate schools.

"I inadvertently confused this interview with my recollection of what the President said at his public press conference on Sept. 11 when he did mention the subject of enforcement of school integration," Powell said.

At the Sept. 11 meeting with reporters, Eisenhower described what he understood to be the duties of federal marshals in the enforcement of law.

MINUTE ORANGE CUPCAKES

by Clabber Girl

Yield: 12 cupcakes

1 cup sifted all-purpose flour	1 1/2 teaspoons grated orange rind
1 1/4 teaspoons Clabber Girl Baking Powder	3/4 cup shortening
3/4 teaspoon salt	1/2 cup milk
1/4 cup sugar	1/2 teaspoon vanilla extract
	1 egg

Sift together flour, Baking Powder, salt, and sugar into mixing bowl. Add orange rind, shortening, milk, and vanilla. Stir until blended; then beat vigorously for two minutes (150 strokes per minute by hand, or medium speed of electric mixer). Add egg; beat vigorously 1 minute as before. Keep batter scraped from sides and bottom of bowl. Fill 12 2 1/2-inch greased and floured muffin cups half full of batter. Bake in a 375° F (moderate) oven about 20 minutes. Frost with chocolate butter frosting.

Do-It-Yourself...

Remember it's the fresh ingredients in your home-baked recipe that make things taste better, stay fresh longer.

Clabber Girl

now exclusively known as the baking powder with the balanced double action

World Today

By JAMES MARLOW
Associated Press
News Analyst

WASHINGTON (AP)—Russia lost her absolute control of world communism before Stalin died in 1953, when Marshal Tito broke away in 1948, and thrived, and the Red Chinese took over China one year later.

Nikita Khrushchev, Red party boss in Russia, and the other chiefs of Stalin are being pointed to now as the men who led Russia's iron grip on the satellites slip away.

But when Khrushchev last February, in his speech downgrading Stalin, conceded there are various roads to socialism he was only recognizing a reality and trying to make the best of a depleted inheritance.

This was the reality: The 200 million Russians couldn't hope to make a satellite of the 500 million Chinese whose leaders had fought almost alone for more than 20 years. Tito's successful defiance of Russia was an incentive to others too.

After the example set by Tito and Red China, it was inevitable that sooner or later some of Russia's European satellites, all strongly nationalistic, should try to assert some independence.

As it turned out, the Poles and Hungarians have just made the try.

The irony for the new Kremlin men is that—by encouraging nationalism in the non-Communist Middle East to wreck Western influence there—they fanned nationalism in their own satellites.

The events in Poland and Hungary were not identical. And for the time being their importance—in the sense of Russia losing her hold on the satellites—should not be overestimated.

In Poland the Polish Communist leadership decided—for reasons of its own—to proclaim its independence of Russia. One reason may have been to pacify the people's hatred of Russia and their discontent under communism.

But only Wednesday the new Red Polish boss, Wladyslaw Gomułka, informed his countrymen Russian troops would remain in Poland as long as the West has military bases in West Germany.

It was different in Hungary, where the people revolted against both their Russian masters and their own Hungarian Communist regime. Russia used her troops to put down the riots and save the Hungarian Communist government.

The Hungarian uprising, no matter how temporary, is not a lost cause. Russian intrusion gives the Hungarians that much more reason to hate the Russians and communism with equal fervor, and revolt again.

But at least the events in Poland and Hungary—to look on the sunny side—may be the foot in the door for further breakaways from Russian control. The Russians certainly suffered a major disaster to this extent:

Their use of troops in Hungary makes a farce of their efforts to convince the neutral and underdeveloped countries that their intentions are unselfish or that their anticommunism is real.

Troy Woman Hurt, Friend Is Killed By Her Husband

TROY, Ohio (AP)—Police said a 29-year-old Troy man was shot to death and a woman critically wounded in a southside tavern early today. The woman's husband was held for questioning after officers said he admitted the shooting.

Police identified the dead victim as Doug Miller. They said he had been shot six times with a .22 caliber pistol.

Miller was in critical condition at Stouder Hospital when Mrs. Lucy Johnson, also of Troy, Doctors said she suffered a bullet wound in one lung.

Police said they were holding for investigation Mrs. Johnson's husband, Dal, 27. They said Johnson walked into police headquarters shortly after the shooting and related that he saw his wife and Miller drinking together in the tavern. Police said Johnson told them he went home, picked up the pistol, returned to the tavern and in critical condition at Stouder

Police identified the dead victim as Doug Miller. They said he had been shot six times with a .22 caliber pistol.

4 Big Contracts Let By Air Force

DAYTON (AP)—The Air Materiel Command at Wright-Patterson Air Force Base here has awarded four contracts totaling \$11,537,623. They are:

Radio Corp. of America, Camden, N. J., \$7,206,912 for components of radio sets.

General Electric Co., Utica, N. Y., \$1,036,884 for defensive subsystem for bombing system.

Douglas Aircraft Corp., Tulsa, Okla., \$3,082,327 for modification of B-47 type aircraft.

Westinghouse Air Brake Co., Swissvale, Pa., \$191,500 for technical services.

Marietta College Plans 2 Buildings

MARIETTA (AP)—Marietta College will break ground today for its third and fourth new buildings since 1950.

Ceremonies will be held marking start of construction on the \$500,000 Gilman Student Center and a \$150,000 annex to Dorothy Webster Hall for Women.

News Analyst Sees Russian Satellite Empire Tottering

By WILLIAM L. RYAN
AP Foreign News Analyst

A Khrushchev experiment has blown up in the faces of the Soviet Communist leaders.

Unless the Russians take forceful measures to guard against new outbreaks like those in Poland and Hungary, they stand to lose their satellite empire eventually. The policies of Communist boss N. S. Khrushchev have paralyzed the Soviet Union.

The Kremlin today is likely undergoing an agonizing reappraisal. The result can mean the end of Khrushchev as the boss, the re-emergence of Georgi M. Malenkov and a vindication—from the Soviet viewpoint—of former Foreign Minister V. M. Molotov.

Khrushchev's experiment was with relaxation of controls, not only over populations, but over the parties in the satellite nations.

One aim was to secure the new post-Stalin regime at home by giving it the look of a regime which would be liberal in comparison with the iron rule of Stalin.

The second aim—and probably more important—was in the field of foreign policy. Relaxations inside the Soviet Union and in the satellite countries were intended to free the Soviet Union of the taint of colonialism—the weapon with which Khrushchev was going to belabor the West in a contest for influence in Asia and the Middle East.

Both goals have vanished in the

explosions in Poland and Hungary.

The use of Soviet troops in Hungary—and the threat to use them in Poland—presents the U.S.S.R. to the outside world as a nation of harsh colonialists keeping its control by armed force and political oppression.

This is a costly propaganda defeat for the Russians, both at home and abroad.

A scapegoat will have to be found. The likely candidate is Khrushchev, since the whole thing can be pinned on him.

'Flying Saucers' Sought By Cleric

COVINGTON, Ky. (AP)—A space-minded clergyman with early reasons wants the city commission to permit "flying saucers" to be dropped on the city.

The Rev. John Longworth requested the action, explaining that dropping the objects from an airplane would help promote a youth revival meeting.

Mr. Longworth, pastor of the Covington Revival Center, didn't explain the nature of the "saucers." City manager Oscar Hesch was directed to obtain a sample model before action is taken on the request.

Cincy Jurors Continuing Deliberations

CINCINNATI (AP)—Hamilton County Criminal Court Judge Charles S. Bell today kept a jury of six men and six women at their deliberations in the trial of Denver Powell on a charge of first degree murder in a holdup-slashing that occurred almost seven years ago.

The jury received the case Monday. Judge Bell has allowed the jurors to go to their homes each night but he declined to discharge them Wednesday even after fore-

man Carl M. Lape reported "it is doubted this jury can reach an agreement."

Later, at the request of the jury, Judge Bell had parts of the transcript of the evidence read as well as the transcript of the questioning of some of the jurors themselves.

Powell, 45, from El Centro, Calif. is accused of having participated in the holdup-slashing of delicatessen operator John Schreck on Nov. 27, 1949.

The state named James (Big Jim) Grigsby as the actual slayer but claimed Powell, armed with a revolver, was with Grigsby. Grigs-

State Gets Island

COLUMBUS (AP)—The state auditor's office has received a deed for 412 acres of Kelly's Island in Lake Erie, a gift to the state from the Cleveland Museum of Natural History.

by was killed a few months after the holdup.

During the trial, Powell denied having been with Grigsby and repudiated a seven-page alleged confession, contending it was obtained under duress. It was admitted into evidence, however.

CHS Kittens Use Hot Pass Attack

Held to one touchdown in the first half, the Circleville High School Kittens unleashed a passing attack in the second half yesterday and buried the St. Charles reserves, 28-0, in Columbus.

The victory was a costly one for the Kittens, however, since they lost Harold Arledge, scrappy freshman linebacker, who suffered a broken arm.

The Kittens, who have relied on a ground game in piling up six previous wins this season, could not get their running attack going in the first half against the eight-man St. Charles defensive line.

In the second half, they started tossing aerials which accounted for two touchdowns and set up a third.

THE ONLY score of the first half came in the second quarter when Freshman Larry Hannahs shot through the line and scored from the 24-yard line.

Hannahs was hit on the St. Charles 10, but carried two defenders over the goal with him. A pass from Ray Phifer to Ted Wellington added the extra point and Circleville led at halftime, 7-0.

In the third quarter, the Kittens had a fourth-and-18 situation on the St. Charles 33. Tom Greeno faded back to pass and hit Gerald Allison for a touchdown. Ted Wellington bucked over for the extra point.

Later in the same period, the Kittens again got out of the hole by another Greeno-to-Allison pass which moved the ball to the St. Charles 21.

Ted Wellington took it over the ball line from there on the first play when he shot through center and scored standing up. Larry Hannahs ran for the extra point and the Kittens led, 21-0, at the end of the third quarter.

In the final stanza, the Kittens again took advantage of their only

scoring opportunity. A long pass from Greeno to Allison moved the ball all the way to the St. Charles 11. But three straight penalties on three successive plays pushed the Kittens all the way back to their own 46 and made it first-and-35.

ON THE first play, Ray Phifer threw a long pass which Allison gathered in on the 10, racing into the end zone for the score. Phifer made it 28-0 with his run.

The Kittens defensive unit again played an outstanding game. After giving up a few first downs in the first half, they tightened and in the second half St. Charles could manage only small yardage.

Two injuries marred the contest. Arledge's broken arm occurred in the second quarter. In the last period, a St. Charles player suffered a broken collar bone.

Arledge was taken to a Columbus doctor and then was brought to Circleville for X-rays. He spent the night in Berger hospital.

The win was the seventh straight this year for the Kittens, who have not been defeated in their last 16 games. The last defeat was in 1954, when they lost to Chillicothe, 13-9. Their three-year record now stands at 22 wins, one loss and one tie.

Only two games remain on the Kitten schedule, both next week. On Monday, they travel to Hillsboro for a contest with the HHS reserves.

CIRCLEVILLE fans will get their final chance to see the Kittens next Thursday when they close out the season against Washington C. H. here.

Score by quarters:
Circleville . . . 0 7 14 7 — 28
St. Charles . . . 0 0 0 0 — 0

Circleville players in Wednesday's game are as follows:
Ends — Gerald Allison, Jim Woods, Leo Moats, Archie Ward

Tackles — Bill Perkins, Don Edgington, Marion Morrison, Crystal Cooper, Dan Leonhart

Guards — Asa Elser, Brent Bell, Gary Winner, Bob McCain
Centers — Roger Wolfe

Quarterbacks — Tom Greeno, Dave Smith

Halfbacks — Ray Phifer, Larry Hannahs, Dick Bircher, Harold Arledge

Fullbacks — Ted Wellington, Dave Huffer

Williams, Musial Still Top Sluggers

NEW YORK (AP) — Boston's Ted Williams and Stan Musial of the St. Louis Cardinals continue to boast the highest lifetime batting averages in the major leagues.

Statistics show that Williams' lifetime mark remained at .348, while Musial's average dropped two points to .340. Williams hit .345 for the year and Musial .310.

Williams, who began his career with Boston in 1939 and then did two stints in service, never has batted under .300. The 38-year-old outfielder has captured four league batting championships, his top mark being .406 in 1941.

Musial, 35, completing his 14th season with St. Louis, also never has finished below .300. He has played both the outfield and first base, has won six batting titles.

Japanese Awed By Bum Hurler

TOKYO (AP) — Japanese baseball experts had high praise today for a 24-year-old Brooklyn Dodgers rookie southpaw who has struck out seven of Japan's sluggers and issued only four hits and one walk in two appearances.

Big Fred Kipp, formerly with Brooklyn's farm team at Montreal, faced 23 batters in seven innings Wednesday, fanned six and gave up four hits and one pass. He blanked an All-Star Japanese team in Sendai, northern Japan before 30,000 fans.

Nobuyasu Nizuhara, pilot of the Yomiuri Giants said, "Japanese batters are able to handle the fast ball but we're still helpless against curves and a change of pace."

Calcutta Roundup Golf Match Set For Sunday At Country Club

Pickaway Country Club Pro Alex Antonio announced that the club's Calcutta Roundup golf match will get underway Sunday morning at approximately 9:15.

Thirty-four club members are slated to take part in the competition. The local golfers, already divided into 17 two-man teams, are ready for Sunday's action.

At a masquerade party, scheduled for Saturday night at the club, the teams will be auctioned off to the highest bidders. Ted Moon and Karl Mason will serve as auctioneers.

The money collected will be divided among the winners, with the top ranking teams getting the highest percentage of the cash.

COMPETITION should prove keen in that most of the top golfers in this area are entered in the match.

Team pairings and approximate tee-off times are as follows:
9:15 — John Eshelman and Roy

nese team in Sendai, northern Japan before 30,000 fans.

Nobuyasu Nizuhara, pilot of the Yomiuri Giants said, "Japanese batters are able to handle the fast ball but we're still helpless against curves and a change of pace."

Bevo Francis Quits Playing Pro Basketball

EAST LIVERPOOL (AP) — Bevo Francis, tired of constant traveling, said Wednesday he has quit professional basketball and has taken a job in nearby Wellsville so he can spend more time with his wife and children.

The former sensational scoring ace of Rio Grande College, said he is now working at a kiln firing job for the Wellsville China Co.

He added, however, that he still likes basketball and probably will join a district team.

Bevo and Newt Oliver, his former Rio Grande coach, were paid a total of \$30,000 each season for two years by Abe Saperstein, owner of the Boston Whirlwinds.

Bevo was drafted by the Philadelphia Warriors of the National Basketball Assn. last spring but did not report.

Michigan State's 1955 football team enjoyed the third quarter. In this period the Spartans scored 83 points while giving up only 7.

Starkey Helps Lead Service Team In Korea

1st Lt. Jim Starkey, son of Mr. and Mrs. Chester Starkey, Circleville Route 4, has been elected co-captain of the 21st Infantry Regiment's football squad in Korea.

Starkey, former CHS football

and basketball star, was also a member of the University of West Virginia 1953 Sugar Bowl team.

Last year, Starkey was an all-Korean end and played with the Army All-Stars in the Rice Bowl game which is held annually in Tokyo, Japan.

Bob Joslin, former Ohio State All-American was elected as the other regimental team co-captain. Lt. Starkey plans to return to the United States in December.

The camel does not store water in his hump. Water is carried inside the stomach, where there are several pouches.

Moore, Patterson Set For Signup

CHICAGO (AP) — Archie Moore, light-heavy champion, and Floyd Patterson were to have a formal contract signing today for their 15-round heavyweight title bout in Chicago Stadium Nov. 30.

The fighters will receive 30 per cent each of all revenue—from the gate, radio, television and movies.

The TV sponsor reportedly has agreed to pay \$175,000 to air the fight via NBC.

Moore and Patterson plan to return to their respective bases, San Diego and New York, after the signing.

Deluxe Service Offered Hunter

SUN VALLEY, Idaho (AP) — When Don Anderson, head of the sports department at this deluxe resort goes hunting, he does it in deluxe style.

He reported he shot a four-point buck deer on a ridge above nearby Trail Creek.

The deer lurched forward and rolled down the hill—stopping within three feet of the tail gate of his station wagon.

Section from the Revised Code of Ohio pertaining to the organization and operation of public safety and services departments, including the police and fire departments.

Chapter 14 establishes and prescribes powers and duties of the City Planning Commission, board of control, board of health and other boards and administrative departments.

Chapter 16 recognizes the vesting of judicial authority formerly vested in the Mayor, in the Municipal Court.

Chapter 18 pertains to trial by jury, arrest of accused and search warrants.

Chapters 20, 22, 24 and 26 constitute the Traffic Code of the City.

Chapter 20 defines words and phrases used in the Traffic Code; prescribes powers and duties of police officers with respect to traffic control; authorizes, requires and commands obedience to official traffic control signs, signals, lights and markings and prohibits the placement of unauthorized signs and signals; establishes requirements for vehicles as to operating and parking lights; establishes requirements for loads and dimensions; brakes, view mirrors, windshields, windshield wipers, mufflers, smoke-screen devices, horns, bells on bicycles; prohibits creation of unnecessary traffic noise; prohibition of loading or transportation of loads in vehicles, provides exceptions for emergency vehicles.

Chapter 22 regulates passengers on vehicles and in vehicles and prohibits leaving stopped vehicles; regulates operation of vehicles; prohibits operating by persons under certain ages and subject to certain infirmities, reckless driving, operating without driver's license, operating vehicles without license plates or with improper plates.

Chapter 24 regulates speed at which vehicles may be operated; prohibits following of emergency and other vehicles too closely; prohibits interfering with or obstructing right of way of emergency vehicles; prescribes rights and duties of pedestrians in traffic and establishes rules as to right of way of pedestrians and of vehicles; rules as to starting, stopping, backing, or towing vehicles; prohibits driving vehicles across fire hoses; prescribes rules for towing vehicles, prohibits entering stop lanes, on sidewalks, or on closed or passing highways; establishes rules for driving on left side of highway, or to left of center line; prohibits weaving while in motion; prohibits any vehicle under certain conditions, changing course of speed of vehicles, requires stopping, turning or otherwise in and prohibits improper turns; requires certain vehicles to stop at grade crossings.

Chapter 26 regulates parking and prohibits parking contrary to such regulations, provides for parking meters, prohibits operator from leaving the scene of an accident; prohibits placing of nails, tacks, glass or other injurious material on highway; authorizes impounding of vehicles involved in parking violation; establishes rule of evidence as to owner's responsibility; regulates operation of vehicles with lights; authorizes citation tags to be issued; makes disregard of any rule or regulation unlawful and prescribes penalties for violation of Traffic Code; authorizes pleas of guilty in certain cases; prohibits operating vehicle while under driving suspension; requires record of violations to be maintained by clerk of the Municipal Court; provides for registration of bicycles; requires use of bells and lights on bicycles.

Chapter 28 contains provisions as to the improvement of streets and other public ways; requires repair of public ways by the city; provides for cash deposit subject to forfeiture unless restoration of pavement or other surface is made, and provides penalty for making opening without such permit. Said chapter also prescribes regulations as to barriers and warning devices for protection of public from excavation work; contains provisions as to construction of sidewalks sections adjacent to excavations; prescribes sidewalks and requiring removal of ice and snow therefrom; regulates construction of water main extensions; prohibits unauthorized use of fire hydrant; prohibits unauthorized tampering with water meter; regulates installation of sewers and sewer extensions; regulates the construction of sewer connections; and prescribes penalties for violation of each said sections.

Chapter 30 prohibits owners from permitting animals or fowl to run at large; prohibits the capture, pursuit or attempt to capture birds; prohibits the harboring of loud dogs; prohibits the quarantining of dogs by mayor and enforces the provisions of chapter 24 through the impounding and destruction of dogs at large; prohibits interfering with officer engaged in enforcing such regulations; prescribes penalties for violation of each such sections.

Chapter 32 pertains to beer, intoxicating liquors and narcotics. Said chapter prohibits the manufacture, transportation, possession for sale, or sale of intoxicating liquors except by holders of permits issued by the department of liquor control; prohibits possession of diluted liquor or refilled liquor container or possession of opened bottle or container of liquor in certain places, drinking in motor vehicles; sale or gift of liquor on election day. Said chapter contains regulations as to sales of beer and intoxicating liquors; prohibits obtaining beer or intoxicants; prohibits the sale or use of narcotics, and prescribes penalties for violation of all such sections.

Chapter 34 defines foods and food handlers and provides rules and regulations governing those persons and businesses commercially engaged in handling foods. Regulations are set forth as to the required cleanliness and sanitary conditions of premises, equipment and persons engaged or employed in the handling of foods. This chapter also declares unlawful, preparation, sale or offering for sale of unsanitary food; prohibits those infected or exposed to communicable diseases from attending schools, theatres, or other public gatherings, and provides that the parents or guardians of children under 18 years of age shall be deemed aiders and abettors. Penalties for violation of each said provisions are provided in said chapter.

Chapter 36 deals with nuisances created by unclean habitations, vaults, cesspools, by improper disposal of dead bodies and refuse, by improper disposal of impure matters; unclean premises, tacks, glass or other injurious material on highway; authorizes impounding of vehicles involved in parking violation; establishes rule of evidence as to owner's responsibility; regulates operation of vehicles with lights; authorizes citation tags to be issued; makes disregard of any rule or regulation unlawful and prescribes penalties for violation of Traffic Code; authorizes pleas of guilty in certain cases; prohibits operating vehicle while under driving suspension; requires record of violations to be maintained by clerk of the Municipal Court; provides for registration of bicycles; requires use of bells and lights on bicycles.

Chapter 38 provides for compulsory fire inspection of buildings; prohibits accumulation of paper, ashes, oil, rags, or other flammable material; prohibits kindling of fires in streets or public places unless confined with proper and safe receptacle; and prescribes penalties for each of such acts declared unlawful. Said chapter also provides for orders of removal and abatement to be issued and enforced.

Chapter 40 deals with the subjects of dangerous weapons, firearms and explosives; the carrying of concealed weapons, discharging firearms and the sale or offering for sale or releasing of flame-carrying paper balloons are made offenses against the city. Sale or possession for sale, of fireworks, except with permit is forbidden; penalties are provided for violation of the provisions of said chapter.

Chapter 42 provides for the issuance of licenses to engage in certain trades, businesses and professions and prescribes the manner in which such licenses shall be applied for, the form, dates and duration of the license, requirements as to display thereof by licensees, revocation of license, with provisions for appeal and review.

Chapter 44 defines lodging houses; provides for the licensing and inspection of same; and requires the keeping of guest registers.

Chapter 46 provides for the licensing and control of taxicabs.

Chapter 70 provides for the licensing of vendors and solicitors.

Chapter 80 provides for arrest of accused by taking into custody or by service of arrest notice and makes failure to obey such arrest notice an offense; provides that the resisting of an officer, the making of a false call or alarm, the aiding of escape of a prisoner, or the escape or attempt to escape from lawful custody, are offenses against the city; punishment for each of which offenses is provided by said chapter or elsewhere in said code.

uses and noxious weeds and vegetation. Said chapter makes unlawful any offensive odors caused by burning and provides for the issuance of orders to clean up premises, orders of abatement or removal of offensive premises; failure to conform with sanitary requirements; contains provisions for sanitary inspection of premises by health officer; provides for the periodic cutting of weed on lands by the owner, or upon his failure by the city with the cost to be taxed and declared a lien upon such lands, and provides penalties for violation of any of the provisions of said chapter.

Chapter 88 defines and prescribes punishment for each of the following offenses: assault, assault and battery, abusing family; throwing or projecting a missile; attempted pocket-picking. Chapter 84 defines and prescribes punishment for each of the following offenses: larceny; receiving stolen property; obtaining property or signatures by false pretense; larceny by trick; larceny in telephones; embezzlement; conversion; malicious destruction of public or other plant life; tampering with or removing city property; possession of property belonging to the city, trespassing upon lands or premises of another.

Chapter 92 defines and prescribes punishment for each of the following offenses: disturbing peace, disorderly conduct; intoxication; disturbing sounds or noises in public places; other loud noises; permitting, revealing and intoxication in public place; disturbing meetings; scattering itching powder; permitting minors to be upon public streets during certain hours and unaccompanied, etc.

Chapter 98 defines and prescribes punishment for the following undesirable persons: vagrant or loiterer; common street beggar; common prostitute; common gambler; suspicious person; obscene language, indecent performances; harboring lewd woman, pandering, keeping disorderly house, adultery, fornication, indecent publications, peeping and prowling.

Chapter 102 defines and prescribes punishment for each of the following offenses: Keeping a gambling place; keeping of public resort permitting games; gambling, racing slips, lottery slips, playing a game or making a bet for money; exhibiting gaming device on street; permitting minor to play slot machine; it also provides that gaming devices may be seized and destroyed by law enforcement officers.

Chapter 106 prescribes the general penalty for misdemeanors.

Chapter 100 provides for imprisonment for each of the following offenses: fine and costs.

Chapter 102 provides for disposition of fines in miscellaneous cases.

Chapter 104 provides for the saving and repealing of certain preexisting ordinances.
